

6 to 8 Years: Year 1, Lesson 4 – The man in the Garden

They understand and love doing the activities. They listen attentively and ask questions. They enjoy the drawing and colouring activities

They were the most excited about making their 'my little Bible' books. Every time we add a new page the kids are over the moon. When I did lesson 4 about the man in the garden, you should have seen the children playing with their "paper man!"
